Proficiency Testing

Proficiency Testing Australia is one of Australia's largest and most experienced proficiency testing providers.

Proficiency Testing Australia is accredited as a Proficiency Testing Provider by International Accreditation New Zealand (IANZ). The accreditation covers the specific proficiency testing sample/artefact types listed on the scope of our accreditation. The accreditation meets the requirements of International Standard ISO/IEC 17043:2010 *Conformity assessment – General requirements for proficiency testing*.

PTA programs are available to all laboratories for consideration under ACCAB Accreditation regime.

Please refer to the flyers detailing the PTA food programs and the PTA program schedule under "Publications".
